

Security/Audit Manager - Including API's to Environment IAM and AAA facilities for managed elements	APIs to other Systems Including our Mobile and Desktop Interface and Business Service Management System										
	IMS Scheduling Manager	Core Environment								Persistence Manger	
	Collection Manager										
	Management Object Manager										
	Policy Manager										
	Inventory/Disc.Managers										
	Distribution & IMS State Manager										
	User Manager										
	View Manager										
	Service Element Access Manager										
	Service Manager	Data Adaptation Layer and API (Convert to/from Canonical Form)									
	Rule Manager										
	Event Manager										
	State Manager										
	Topology Manager	Data Adaptation Layer and API (Convert to/from Canonical Form)									
	Configuration Manager										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert to/from Canonical Form)										
	Data Adaptation Layer and API (Convert
